Re: Cliff Phillips
Higgins Mine
Sec. 32, T. 30 S., R. 18 W.
Beaver County, Utah
INA/001/001

This mine was inspected by Brian Buck and Ron Daniels on January 20th to determine what filing requirements will be made for this operation.

The work inspected last year on this mine is basically the extent of the work area observed during this inspection. For the present, the mining effort can be considered exploratory. Upon further work however, a formal filing should be requested of Mr. Phillips.

*Ron, do you want the
classification changed from
INA to EXP? No, but do
so if they file drilling or mining notice.*
